IRS Reports Delays in Creating Acknowledgements

The IRS is reporting a delay in creating federal and state acknowledgements (initial report 12:00pm EST – 9:00am AZ).

This is affecting Arizona's ability to get new submissions and to reconcile returns. If you submitted an Arizona return after 11pm Saturday night (when the IRS began scheduled maintenance on the MeF system), that submission may not have been made available to Arizona yet.

MeF Alerts:

Update on Modernized e-File (MeF) Acknowledgements (Posted 12:00pm EST 4/8/2013)

Some of the Form 1040-related submissions received on Sunday, April 7th have not yet created their federal and/or state acknowledgements for retrieval. While the IRS works this as our top priority, we ask that Transmitters do not resend the older federal and/or state submissions if you have a receipt from us. Please do not repackage and/or send again.

We thank you for your patience and support.

We will issue a Technical QuickAlert once the delays are resolved.

The IRS will issue a Technical QuickAlert once the delays are resolved. Consult the IRS MeF Status Page ([http://www.irs.gov/uac/Modernized-e-File-\(MeF\)-Status-Page](http://www.irs.gov/uac/Modernized-e-File-(MeF)-Status-Page)) for updates.
